

Safeguarding and Welfare Requirement: Health

Providers must keep a written record of accidents or injuries and first aid treatment.

6.3 Recording and reporting of accidents and incidents

Policy Statement

We follow the guidelines of the Reporting Injuries, Diseases and Dangerous Occurrences (RIDDOR) for the reporting of accidents and incidents. Child protection matters or behavioural incidents between children are not regarded as incidents and there are separate procedures for this.

Procedures

Our accident book:

- is kept safely and accessibly;
- is accessible to all staff and volunteers, who know how to complete it; and
- is reviewed at least half termly to identify any potential or actual hazards.

Reporting accidents and incidents

Ofsted is notified as soon as possible, but at least within 14 days, of any instances which involve;

- Food poisoning affecting two or more children looked after on our premises.
- A serious accident or injury to, or serious illness of, a child in our care and the action we take in response.
- The death of a child in our care.

Local child protection agencies are informed of any serious accident or injury to a child, or the death of any child, while in our care and we act on any advice given by those agencies.

Any food poisoning affecting two or more children or adults on our premises is reported to the local Environmental Health Department.

We meet our legal requirements in respect of the safety of our employees and the public by complying with RIDDOR (the Reporting of Injury, Disease and Dangerous Occurrences Regulations). We report to the Local Authority (LA):

- any work-related accident leading to an injury to a child or adult, for which they are taken to hospital
- any work-related injury to a member of staff, which results in them being unable to work for seven consecutive days
- when a member of staff suffers from a reportable work-related disease or illness

- any death, of a child or adult, that occurs in connection with activities relating to our work
- any dangerous occurrences. This may be an event that causes injury or fatalities or an event that does not cause an accident but could have done, such as a gas leak.

Information for reporting incidents to the Local Authority is provided in the Pre-school Learning Alliance's *Accident Record* publication. Any dangerous occurrence is recorded in our incident book (see below)

Incident book

- We have ready access to telephone numbers for emergency services, including local police. Where we are responsible for the premises, we have contact numbers for gas and electricity emergency services, carpenter and plumber. Where we rent premises, we ensure we have access to the person responsible and that there is a shared procedure for dealing with emergencies.
- We ensure that our staff and volunteers carry out all health and safety procedures to minimise risk and that they know what to do in an emergency.
- On discovery of an incident, we report it to the appropriate emergency services – fire, police, ambulance – if those services are needed.
- If an incident occurs before any children arrive, our manager risk assesses this situation and decides if the premises are safe to receive children. Our manager may decide to offer a limited service or to close the setting.
- Where an incident occurs whilst the children are in our care and it is necessary to evacuate the premises/area, we follow the procedures in our Fire Safety and Emergency Evacuation Policy or, when on an outing, the procedures identified in the risk assessment for the outing.
- If a crime may have been committed, we ask all adults witness to the incident make a witness statement including the date and time of the incident, what they saw or heard, what they did about it and their full name and signature.
- We keep an incident book for recording incidents including those that that are reportable to the Local Authority as above.
- These incidents include:
 - break in, burglary, theft of personal or the setting's property;
 - an intruder gaining unauthorised access to the premises;
 - fire, flood, gas leak or electrical failure;
 - attack on member of staff or parent on the premises or nearby;
 - any racist incident involving staff or family on the centre's premises;
 - death of a child or adult, and
 - a terrorist attack, or threat of one.

- In the incident book we record the date and time of the incident, nature of the event, who was affected, what was done about it - or if it was reported to the police, and if so a crime number. Any follow up, or insurance claim made, should also be recorded.
- In the event of a terrorist attack, we follow the advice of the emergency services with regard to evacuation, medical aid and contacting children's families. Our standard Fire Safety and Emergency Evacuation Policy will be followed and our staff will take charge of their key children. The incident is recorded when the threat is averted.
- In the unlikely event of a child dying on the premises, for example, through cot death in the case of a baby, or any other means involving an older child, the emergency services are called, and the advice of these services are followed.
- The incident book is not for recording issues of concern involving a child. This is recorded in the child's own file.

Education Inspection Framework

- As required under the *Education Inspection Framework*, we maintain a summary record of all accidents, exclusions, children taken off roll, incidents of poor behaviour and discrimination, including racist incidents, and complaints and resolutions.

Legal framework

- Reporting of Injuries, Diseases and Dangerous Occurrences Regulations (RIDDOR 1995) (As Amended)
- The Health and Safety (Enforcing Authority) Regulations 1998
